

Make a secret book box

Do you need a place to hide your most precious treasures from prying eyes? If you've got an old hardback book lying around, we've got two ways to make a cool secret book box.

What you will need

An old book
(Preferably hardback)

Glue
(PVA or superglue)

Scalpel
(As a grown up for help)

Cardboard
(Not too flimsy)

Felt
(To line the box)

Ready? Let's get making...

Step 1.

Glue the edges of the book together. You can put a plastic bag around the cover to protect it while you do this. Leave to dry.

Step 2.

Get an adult to help you cut a deep rectangle out of the pages. Coat the inside of the box with glue and leave to dry.

Step 3.

Line the inside with felt or paint in a colour of your choice. Then you can fill it with goodies and hide it on a shelf where no one will find it!

Step 1.

Take the cover off the book. Create a frame the thickness of the book and glue in. Leave to dry.

Step 2.

Paint the outside of the cardboard to look like pages. Or stick some paper to the outside.

Step 3.

Line the inside with felt or paint in a colour of your choice. Then you can fill it with goodies and hide it on a shelf where no one will find it!
